# BE A **TOMORROW** AND NOT A ~~YESTERDAY~~

Discover the power of precision with  
our sealant tools and experience  
the pinnacle of quality. Our range  
represents responsible craftsmanship.

From production to application,  
we rely on sustainable materials  
and environmentally friendly  
manufacturing processes.

Perfect for all construction projects,  
our high-quality PU foam applicators  
and sealant applicators offer effortless  
handling and precise dispensing of  
a wide range of materials. Robust in  
design, reliable in handling. Make your  
work easier and rely on top quality  
from IRION - **we will take your projects  
to the highest level!**

# TREND SETTER

Perfect for the smallest joint dimensions in windows, insulations etc.

## SCURO EVO 6

The Unique One

- ⊕ PTFE coated
- ⊕ Quick stop function, trigger lock
- ⊕ One-handed operation
- ⊕ Tube and adapter reinforced
- ⊕ Including 2 brass nozzles in the handle
  - ⊕ Length 5cm (also available in 20cm)
  - ⊕ Diameter 3mm

Art. No.: 781259

# GUARDIA X7

The Comfortable One

- ⊕ PTFE coated
- ⊕ Rubberized handle and trigger
- ⊕ Adjusting screw with quick adjustment
- ⊕ Applicator design reinforced
- ⊕ Extra-large handle

Art. No.: 781199

# METAL LITE +

The Topseller

- ⊕ PTFE coated can adapter and needle
- ⊕ Quick stop function, trigger lock
- ⊕ Rubberized handle
- ⊕ Tube and adapter reinforced
- ⊕ Brass adjustment screw

Art. No.: 781198

# INNOVATION

## METAL LITE MICRO

Carpenters and Masons #1

- ⊕ Extra short tube
- ⊕ PTFE coated can adapter and needle
- ⊕ Quick stop function, trigger lock
- ⊕ Rubberized handle
- ⊕ Can adapter reinforced
- ⊕ Brass adjustment screw

**Art. No.: 781610**

## EXTREME X7

The Flexible One

- ⊕ Adjustable tube
- ⊕ PTFE coated can adapter and needle
- ⊕ Rubberized handle
- ⊕ Can adapter reinforced
- ⊕ Adjustment screw with quick adjustment

**Art. No.: 781200**

## METAL LITE

- ⊕ Standard handle
- ⊕ Brass adjustment screw
- ⊕ Tube and can adapter reinforced

**Art. No.: 781236**

## ERGO X7

- ⊕ Can adapter with non-stick valve
- ⊕ Rubberized handle
- ⊕ Plastic tool body
- ⊕ Metal tube and trigger
- ⊕ Extra-large adjustment screw

**Art. No.: 781231**

## ERGO

- ⊕ Ergonomic handle
- ⊕ Plastic tool body
- ⊕ Metal tube and trigger
- ⊕ Extra-large adjustment screw

**Art. No.: 781237**

## SHORTGUN

- ⊕ Small handle
- ⊕ Metal tube and trigger
- ⊕ Lightweight

**Art. No.: 781233**

# ROOFING FLOORING

## METAL LITE XL

### Overhead work

- ⊕ 24" long reinforced tube
- ⊕ Rubberized handle
- ⊕ Brass adjustment screw
- ⊕ Also available as XXL in 40" (Art.No.:781250)

Art. No.: 781239

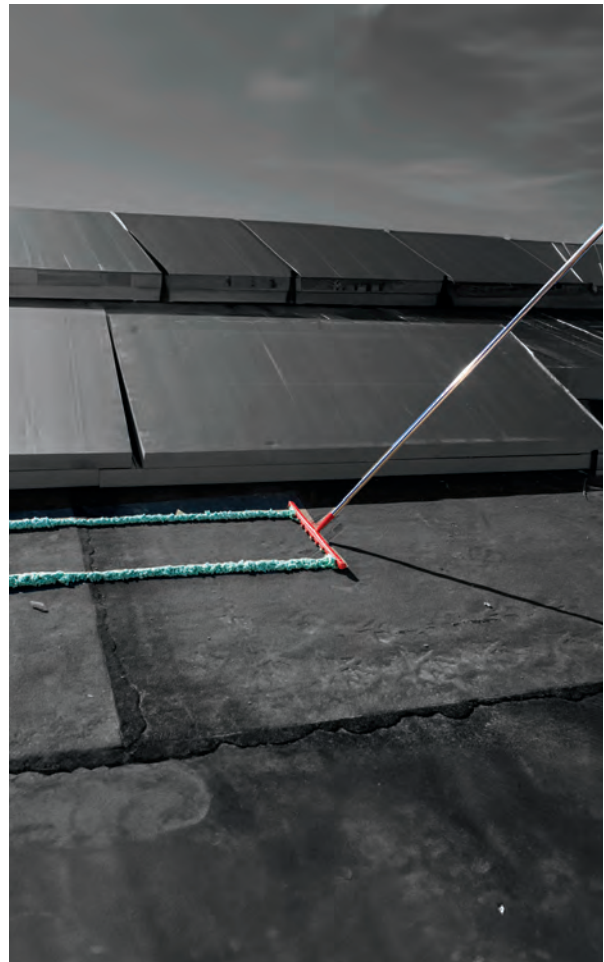

**ERGONOMIC.  
BACK-FRIENDLY.  
MULTILANE.**

## METAL LITE XL 80

### Upright work

- ⊕ 32" long reinforced tube
- ⊕ Angle adapter with PTFE coating
- ⊕ Rubberized handle
- ⊕ Brass adjustment screw
- ⊕ Including 2 multilane spreaders

**Art. No.: 781254**

## SPREADER

- ⊕ Simultaneous application of several foam lines
- ⊕ Distances individually selectable between 5-25cm
- ⊕ Increased adhesive force and foam density
- ⊕ 50% time savings
- ⊕ Simple cutting of the pre-drilled points
- ⊕ Reusable, care with PU foam cleaner

**Art. No.: 90069 (Set of 2)**

## CAULKING APPLICATORS

Watch how maximum power  
transmission, durable special alloys  
and dynamic design come together in  
a unique way.

Slip-proof rubberized handles,  
coordinated non-drip features and  
switchable thrust ratios set new  
benchmarks on the way to becoming a  
high-performance product.

**We have the right tool for any material!**

# SESSIONS

# EXCEPT

## EXCEPT-310

**Pro Caulking Applicator 310ml**  
**Art. No.: 200001**

## DETAILS

- ⊕ 19:1 Thrust ratio
- ⊕ Activatable non-drip feature for drip-free operations
- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized handle and trigger
- ⊕ Hardened thrust block (force >4000N)
- ⊕ Rotatable half shell/aluminum tube and ladder hook

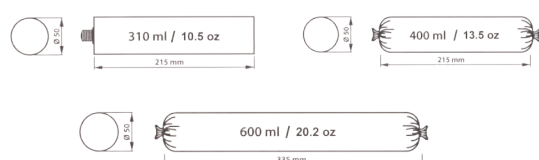

## EXCEPT-400

**Pro Caulking Applicator 400ml**  
**Art. No.: 200002**

## EXCEPT-600

**Pro Caulking Applicator 600ml**  
**Art. No.: 200003**

# XP DELTA

## Pro Caulking Applicator 310ml

- ⊕ Switchable thrust ratio
  - ⊕ 25:1 chemical anchoring, MS-Polymer etc.
  - ⊕ 12:1 silicone, acrylic etc.
- ⊕ Activatable non-drip feature for drip-free operations
- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized handle and trigger
- ⊕ Hardened thrust block (force >4000N)
- ⊕ Rotatable half shell and ladder hook

**Art. No.: 200004**

**THE ORIGINAL. THE APPLICATOR THAT ADAPTS TO ANY MATERIAL**

## DETAILS

- ⊕ 17:1 Thrust ratio
- ⊕ Professional push plate for total emptying
- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized handle and trigger
- ⊕ Hardened thrust block (force >4000N)
- ⊕ Rotatable half shell/aluminum tube and ladder hook

## FX7-90

**Pro Caulking Applicator 310ml**  
**Art. No.: 571164**

# TOP SELLER

## FX7-40

Pro Caulking Applicator 400ml

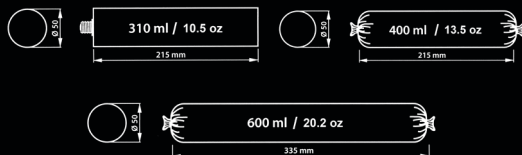

Art. No.: 571165

## FX7-60

**NOT SURE WHAT FITS? WE DO!**

Tell us which type of material you want to use and we will be happy to assist you!

# THE NO.1

# BATTERY APPLICATORS

**17 models, 43 cartridge sizes and  
1 battery system.**

Complex material mixtures in never-before-seen dual component cartridges still cause headaches on every construction site.

That time has come to an end. With our battery applicators, we cover almost all known cartridge shapes and sizes.

We only use high-quality metal components and guarantee you unbeatable quality and reliability.

With the support of our unique **IRION Service Center**, we ensure that your battery applicator becomes a loyal partner.

# POWER JET

## DETAILS

- ⊕ Lithium-Ionen-Battery 7,2V
- ⊕ Approx. 30 cartridges per charge
- ⊕ Charging time approx. 1h
- ⊕ Speed 0-6,9mm/sec.
- ⊕ Force 4903,32N
- ⊕ Built-in POWER LED work light
- ⊕ Automatic non-drip feature for drip-free operations

### Scope of delivery:

1x Battery Applicator, 1x Battery, 1x Quick Charger, 3x Nozzles (PJ 400/600), 1x Hard Case

## POWERJET-310

Pro Battery Applicator 310ml

Art. No.: 786725

# POWERJET-400

Pro Battery Applicator 400ml

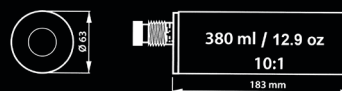

Art. No.: 786724

# POWERJET-380 KX

Pro Battery Applicator Coaxial 380ml

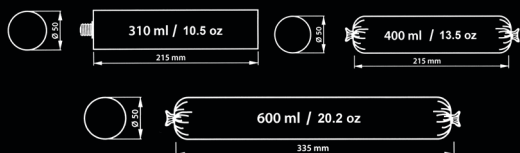

Art. No.: 786722

# POWERJET-600

Pro Battery Applicator 600ml

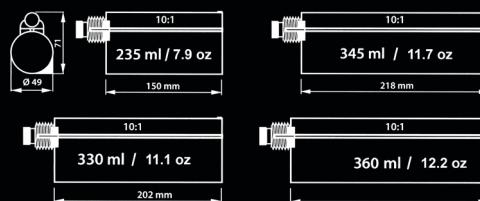

Art. No.: 786723

# POWERJET-360 SBS

Pro Battery Applicator Side-by-Side 360ml

Art. No.: 786727

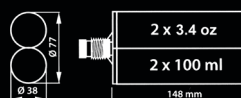

**OUR RANGE ALSO INCLUDES BATTERY APPLICATORS FOR THE FOLLOWING DUAL COMPONENT CARTRIDGES**

- 50ml (1:1/2:1)
- 160ml (1:1)
- 180ml (1:1)
- 200ml (1:1/2:1/10:1)
- 310m (10:1)
- 360ml (1:1)
- 385ml (3:1)
- 390ml (1:1)
- 400ml (1:1/2:1)
- 585ml (3:1)
- 600ml (1:1)

# POWERJET-210 DP

Pro Battery Applicator Side-by-Side 210ml

Art. No.: 786731

# **PNEUMATIC APPLICATORS**

**Professional pneumatic sealant applicators for all sealants and adhesives in standard cartridges or foil bags.**

**Effortless dispensing of the material with an adjustable working pressure of 6-10 bar.**

**Also available in various dual component versions on request.**

**Perfect for stationary use.**

Pneumatic applicators for cartridges / foil bags up to 400ml / 600ml

## DETAILS

- ⊕ Electroplated aluminum body for maximum resistance
- ⊕ Optimized handling due to balanced handle position
- ⊕ Quick release valve for immediate stop of the application
- ⊕ Pressure regulator for constant force & speed ratio

### KB-400

Art. No.: 90015

### KB-600

Art. No.: 90023

### B-600

Art. No.: 90014

# SPECIAL

## X7-1000 MORTAR APPLICATOR

Ideal for brick walls & fire doors

- ⊕ Filling quantity approx. 1000ml/34oz
- ⊕ Clip for locking the tube
- ⊕ 17:1 Thrust ratio
- ⊕ Hardened thrust block (force >4000N)
- ⊕ Incl. two nozzles, shovel and blender

Art. No.: 901116

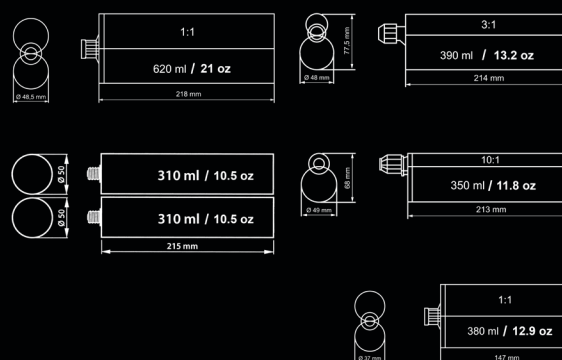

## MAG-30 VARIO

Magnesium Dual Component Applicator  
for cartridges up to 620ml

- ⊕ Adjustable push plates
- ⊕ Rust-resistant due to special alloy
- ⊕ Push rod can be moved variably
- ⊕ 25:1 Thrust ratio

Art. No.: 900095

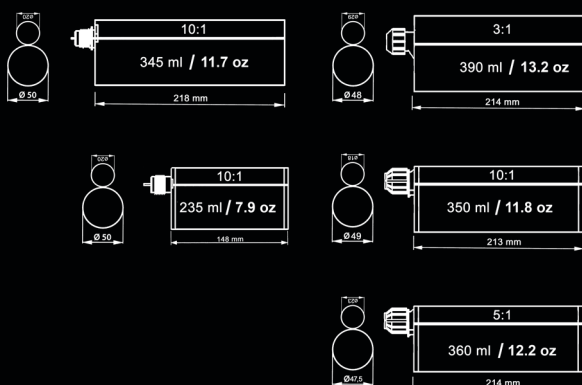

## MAG-34S

Magnesium Special Applicator for  
cartridges up to 390ml

- ⊕ Rust-resistant due to special alloy
- ⊕ Also for standard 310ml cartridges
- ⊕ 25:1 Thrust ratio

Art. No.: 900109

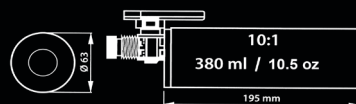

## FX7-38

Dual Component Applicator for cartridges up to 380ml

- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized handle
- ⊕ 22:1 Thrust ratio

Art. No.: 901109

## FX7-33 VARIO

Dual Component Applicator for cartridges up to 330ml

- ⊕ Adjustable push plates
- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized handle
- ⊕ 17:1 Thrust ratio

Art. No.: 783148

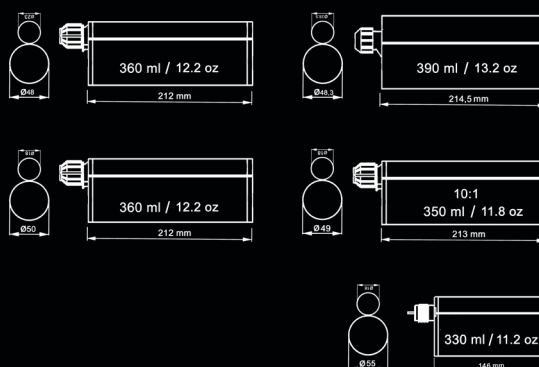

## FX7-40 VARIO

Dual Component Applicator for cartridges up to 390ml

- ⊕ Adjustable push plates
- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized handle
- ⊕ 25:1 Thrust ratio

Art. No.: 900097

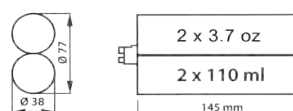

## FX7-21DP

Dual Component Applicator for cartridges up to 220ml

- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized handle
- ⊕ 17:1 Thrust ratio
- ⊕ Built-in cartridge holder

**Art. No.: 900093**

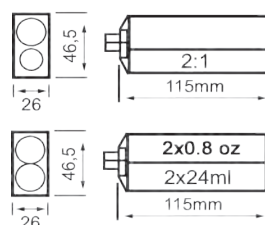

## DP-50

Dual Component Applicator for cartridges up to 50ml

- ⊕ Robust metal design
- ⊕ Mixing ratios 1:1 and 2:1

**Art. No.: 781252**

## QUARTGUN

Caulking Applicator up to 900ml

- ⊕ Rust-resistant due to special alloy
- ⊕ Rubberized trigger
- ⊕ 18:1 Thrust ratio

**Art. No.: 560040**

**100%**

# NABLE

# JOINT SCRAPER

## CREATE THE **PERFECT** JOINT!

4 scrapers made of elastic plastic for precise joints from 0-14 mm

**The set includes the following scrapers**

- 2x** wedge-shaped design (shower, bathtub etc.) for technical purposes
- 1x** half round design (sink, toilet etc.) for optical purposes
- 1x** special use

**Art. No.: 90037**

## JOINT SADDLE

Suitable for all FX7 and X7 products

Clip for practical storage of two joint scrapers

**Art. No.: 90064**

**Joint Saddle**  
incl. 2 scrapers

Art. No.: 90064

**Joint Scraper Set**

Art. No.: 90037 / Set of 4

**Nozzles**  
for barrel applicators

Art. No.: 712333 / Set of 3

**Fine Nozzles**  
for PU foam applicators

Art. No.: 712336 / Set of 3

# ACCESSORIES

**Brass Nozzle Set**  
for Scuro Evo 6
